<sup>1</sup> Weekly benefit amount abbreviated in columns and footnotes as wba; base period, BP; base-period wages, bpw; high quarter, HQ; high-quarter wages, hqw; average weekly wage, aww; benefit year, BY; calendar quarter, CQ; calendar year, CY; dependent, dep.; dependents allowances, da.; minimum, min.; maximum, max.

<sup>2</sup> Unless otherwise noted, waiting period same for total or partial unemployment. W.Va., no waiting period required for partial unemployment. Waiting period may be suspended if Governor declares State of emergency following disaster, N.Y., R.I. In Ga. no waiting week if claimant unemployed not through own fault.

<sup>3</sup> When States use weighted high-quarter, annual-wage, or average weekly-wage formula, approximate fractions or percentages figured at midpoint of lowest and highest normal wage brackets. When da provided, fraction applies to basic wba. In States noted variable amounts above max. basic benefits limited to claimants with specified number of dep. and earnings in excess of amounts applicable to max. basic wba. In Ind. da. paid only to claimants with earnings in excess of that needed to qualify for basic wba and who have 1-4 depts. In Iowa, Mich. and Ohio claimants may be eligible for augmented amount at all benefit levels but benefit amounts above basic max. available only to claimants in dependency classes whose hqw or aww are higher than that required for max. basic benefit. In Mass. for claimant with aww in excess of \$66 wba computed at 1/52 of 2 highest quarters of earnings or 1/26 of highest quarter if claimant had no more than 2 quarters work.

<sup>4</sup> When 2 amounts given, higher includes da. Higher for min. wba includes max. allowance for one dep.; Mich. for 1 dep. child or 2 dep. other than a child. In D.C. and Md., same max. with or without dep.

<sup>5</sup> In computing wba for partial unemployment, in States noted full wba paid if earnings are less than 1/2 wba; 1/2 wba if earnings are 1/2 wba but less than wba.

<sup>6</sup> States noted have weighted schedule with percent of benefits based on bottom of lowest and highest wage brackets.

<sup>7</sup> Benefits extended under State program when unemployment in State reaches specified levels: Calif., Hawaii, by 50%; Conn. by 13 weeks. In P.R. benefits extended by 32 weeks in certain industries, occupations or establishments when special unemployment situation exists. Benefits also may be extended during periods of high unemployment by 50%, up to 13 weeks, under Federal-State Extended Compensation Program.

<sup>8</sup> For claimants with min. qualifying wages and min. wba. When two amounts shown, range of duration applies to claimants with min. qualifying wages in BP; longer duration applies with min. wba; shorter duration applies with max. possible concentration of wages in HQ; therefore highest wba possible for such BP earnings. Minimum in Del. applies to seasonal employment. Wis. determines entitlement separately for each employer. Lower end of range applies to claimants with only 1 week of work at qualifying wage; upper end to claimants with 15 weeks or more of such wages.

<sup>9</sup> Represents min.-max. rates assigned employers in CY 1978. Ala., Alaska, N.J. require employee taxes. Contributions for 1979 required on wages up to \$6,000 in all States except Ala., N.J., N.Mex., \$6,600; Iowa, \$6,900; Mont., and Nev., \$7,400; N. Dak., \$7,000; Minn., \$8,000; Ore., and Wash., \$9,000; Alaska, \$10,000; Idaho, \$10,200; Utah, \$10,400; P.R., all wages.

<sup>10</sup> Waiting period compensable if claimant entitled to 12 consecutive weeks of benefits immediately following, Hawaii; unemployed at least 6 weeks and not disqualified, La.; after 9 consecutive weeks benefits paid, Mo.; when benefits are payable for third week following waiting period, N.J.; after benefits paid 4 weeks, Tex., Va.; after any 4 weeks in BY, Minn.; after 3d week unemployment, Ill.; after 3d week of total unemployment, Ohio.

<sup>11</sup> Or 15 weeks in last year and 40 weeks in last 2 years of aww of \$40 or more, N.Y.

<sup>12</sup> For N.Y., waiting period is 4 effective days accumulated in 1-4 weeks; partial benefits 1/4 wba for each 1 to 3 effective days. Effective days: fourth and each subsequent day of total unemployment in week for which not more than \$115 is paid.

<sup>13</sup> To 60% State aww if claimant has nonworking spouse; 66-2/3% if he had dep. child, Ill. 1/19-1/23 up to 58% of State aww for claimants with no dep. variable max., up to 70% of State aww for claimants with dep., Iowa; 60% at first \$85, 40% of next \$85, 50% of balance. Max. set at 66-2/3%, Minn.

<sup>14</sup> Up to 66-2/3% of State aww, La. Beginning July 1, 1980, 66-2/3%, Okla. 63% until 1981, Del.

<sup>16</sup> \$1,500 in any CQ in current or preceding CY unless otherwise specified.

<sup>17</sup> Max. amount adjusted annually: by same percentage increase as occurs in State aww (Ohio) by \$7 for each \$10 increase in average weekly wage of manufacturing production workers (Texas).
